Summary

Full-Stack Web Developer and Machine Learning Enthusiast with strong experience in Django, React, and data analytics. Interested in building scalable web applications and intelligent data-driven systems. Actively involved in research and open-source development.

Education

B.Sc. in Computer Science & Engineering (CSE) Expected 2026
Port City International University, Chattogram
Final year student, CGPA: 3.88

Technical Skills

Programming Languages:	Python, JavaScript, C, C++
Frontend Development:	HTML, CSS, React.js, Tailwind CSS, Bootstrap
Backend Development:	Django, REST API Development
Database Management:	MySQL, SQLite, SQL
Machine Learning & Data Analysis:	Scikit-learn, Pandas, NumPy, Matplotlib, Data Preprocessing, Model Evaluation
Tools & Technologies:	GitHub, VS Code, Jupyter Notebook
Research & Documentation:	LaTeX, Microsoft Office

Projects

Student Document Management System Python, Django, MySQL, HTML, CSS, JavaScript	GitHub
- Developed a web-based system for managing and verifying student documents digitally. - Implemented authentication system and QR-code verification for secure access. - Improved document tracking efficiency and reduced manual processing.	
Online Library & Book Review System Django, SQLite, Bootstrap	GitHub
- Built a full-stack web application for book management and user reviews. - Implemented user authentication, review submission, and admin control panel.	
Online Quiz System PHP, MySQL, HTML, CSS, JavaScript	GitHub
- Developed a web-based quiz platform for conducting online examinations and assessments. - Implemented user authentication, quiz management, score calculation, and result tracking features. - Designed an interactive interface to improve user experience and simplify quiz administration.	
Currency Converter CLI Application Python, OOP	GitHub
- Developed a command-line application using Object-Oriented Programming concepts. - Integrated real-time currency conversion logic and modular architecture.	
Shopping Cart Web Application HTML, CSS, JavaScript, Bootstrap/Tailwind	
- Designed an interactive shopping cart interface with dynamic product management. - Implemented add-to-cart and price calculation functionality.	
Personal Portfolio Website HTML, CSS, JavaScript	GitHub
- Developed a responsive personal portfolio showcasing projects and technical skills. - Optimized layout for cross-device compatibility.	
Emotion Detection using CNN-Transfer-learning-Model	GitHub
Facial emotion detection system using CNN and transfer learning techniques.	

- Command-line based contact management application using Python.

Research Experience

- Conducting research in Machine Learning and Natural Language Processing (NLP) focusing on sentiment analysis, emotion detection, and low-resource language processing.
- Experienced in real-world dataset collection, preprocessing, feature engineering, model training, and performance evaluation.
- Applied transformer-based models and deep learning techniques for text classification and predictive modeling tasks.

Publications & Datasets

1. Large-Scale Sentiment Analysis of Roman Urdu Pakistani Drama Reviews Using Machine Learning and Transformer Models — Under Review
2. Bengali Regional Dialect Identification Using Hybrid Feature Extraction and Stacking Ensemble Learning — Manuscript Prepared for Submission

Dataset Publication:

PakDramaEcho: A DistilBERT-Labeled Urdu Sentiment Dataset (Published on Mendeley Data)

- Built from YouTube drama comments using WebScrapping for sentiment classification (Positive, Neutral, Negative).

Leadership, Activities & Experiences

- Media & Promotion Secretary & Campus ambassador leader : ICT Olympiad Bangladesh (Chattogram District). Led promotional campaigns and campus engagement initiatives.
- Publicity Editor: PCIU Computer Club (2024–2025)
Organized technical events and managed communication activities.
- Executive Member : Leo Club of Chittagong Classic (2025–2026)
- Senior Vice President : Shohojugi Youth Foundation

Professional Experience

Mathematics Instructor : Protttoy Academic & Admission Care, Genius Academic Care

Online Examiner : Shikho Academy

Awards and Honors

- 3rd Position – Inter-College Science Fair Project (Echo Friendly Mosquito killer), 2019
- Best Volunteers – Sharing Happiness Program 4.0,5.0,6.0, PCIU Volunteers
- Best Leo Award (2024–2025), Leo Club of Chittagong Classic

Certifications

- Full Stack Web Development with Python, Django, React from Ostad (Batch 5)
- Machine Learning (In Progress from Coursera)
- Data Analysis & Visualization Certification (In Progress from Ostad)

Research Interests

Machine Learning, Natural Language Processing (NLP), Deep Learning, Large Language Models (LLMs), Data Science, and AI-driven Web Systems.

Languages

- Bengali (Native)
- English
